

FL3000

LiDAR Robotic Mower

See Further. Mow Smarter.

Keep your lawn perfectly maintained, effortlessly and intelligently. The FJD FL3000 paves the way for next-gen lawn care with the integration of LiDAR and vision technology, which perfectly understand your yard, spot obstacles, and smoothly work around them. It creates a precise virtual map of your entire yard, ensuring an even, consistent cut without the hassle of buried wires or complex installations. Now it's time to enjoy a break while FJD FL3000 takes care of the rest automatically!

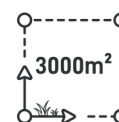

10-Min
Setup

Automated
Mapping

No Wire,
No RTK

Recommended Mowing
Area 3,000m² (0.75 acre)

Smart Path
Planning

Intelligent Object
Avoidance

Multi-Zone
Management

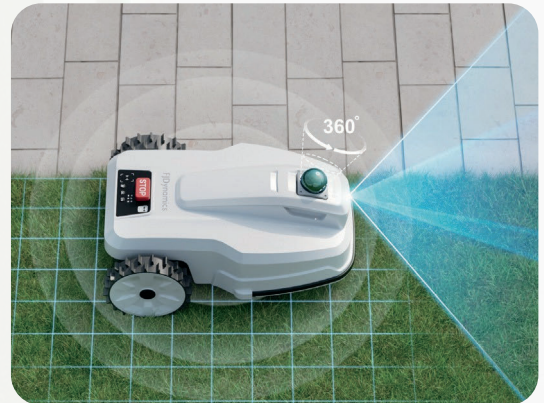

33° Climbing
Capability

No Wire, No RTK, 10-Min Setup

Forget about the hassle of complex setup—simply install the charging station and define the virtual boundaries of your garden via our FJD Landscaping® App.

SIMPLE SETUP, EASY START

Smart Edge Trimming

Use LiDAR and vision fusion to cut your lawn neatly and exactly to the edges. This means less work for you in setting up boundaries.

Automated Mapping* (coming soon)

Simply place the mower on the grass and let it automatically scan and map your lawn all by itself – no setup needed!

*Works best in areas with clear transitions between lawn and non-lawn surfaces.

One App Does It All

Tap to start, monitor progress, manage zones—right from your phone.

Recommended mowing area:
3,000 m² (0.75 acre)

SMART MOWING FOR EVERY CORNER OF YOUR YARD

Smart Path Planning

Automatically executes the most efficient route to keep your lawn perfectly maintained.

Multi-Zone Management

Manage multiple mowing areas easily with seamless lawn partitioning and smooth transitions between them.

Dynamic Object Avoidance

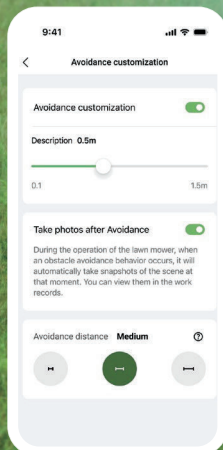

It detects and avoids obstacles on the go, adjusting its path instantly for smooth, uninterrupted mowing around your lawn.

Adjustable Object Detection Height

Customize the height limit for objects to avoid, so the device navigates your yard safely and efficiently—just the way you need it.

No Signal Worries

Trees, walls, and tight corners? Not a problem. LiDAR technology ensures precise navigation and top-tier performance even in the most challenging areas.

360°

READY FOR ANY TERRAIN

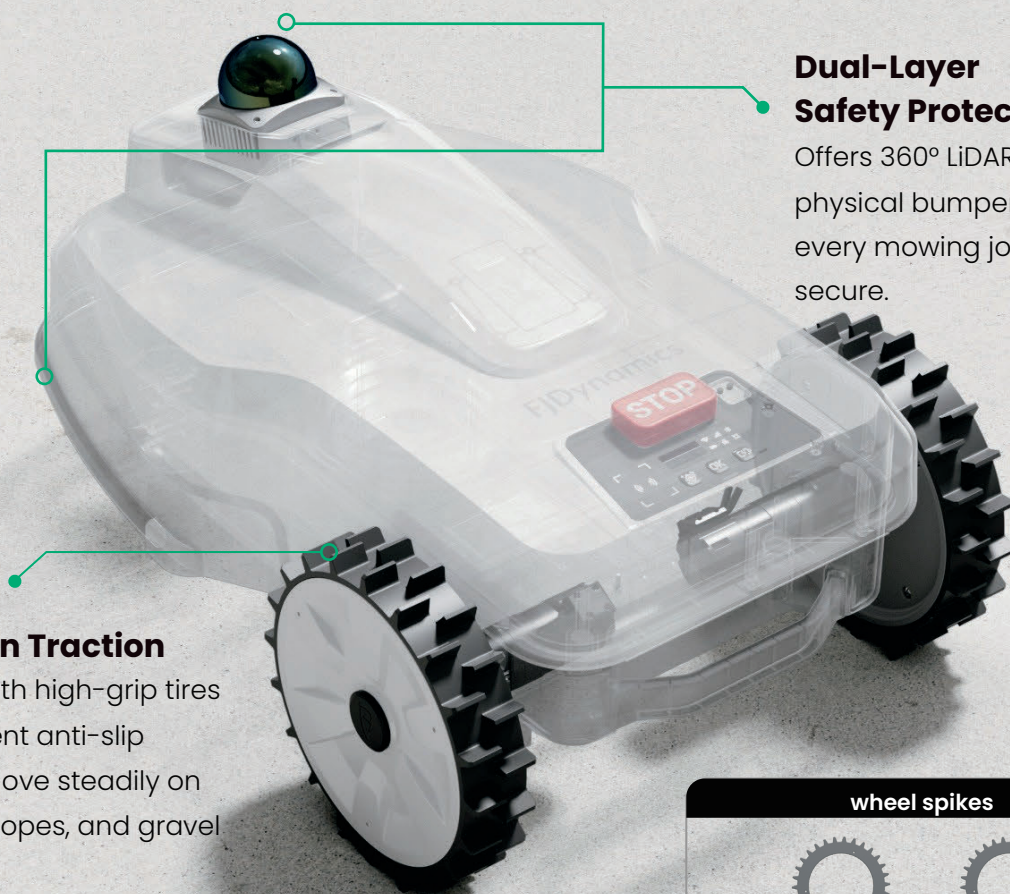

Engineered for Steep Slopes

Conquers slopes up to 33° with ease, thanks to the advanced traction and smart climbing algorithm.

Electric Deck Auto-Lifting

Adapts cutting height automatically, letting you customize the cutting style and mowing patterns for each of your areas.

Dual-Layer Safety Protection

Offers 360° LiDAR sensing and physical bumpers to keep every mowing job safe and secure.

All-Terrain Traction

Equipped with high-grip tires and intelligent anti-slip control to move steadily on wet grass, slopes, and gravel paths.

wheel spikes

Work Less. Enjoy More.

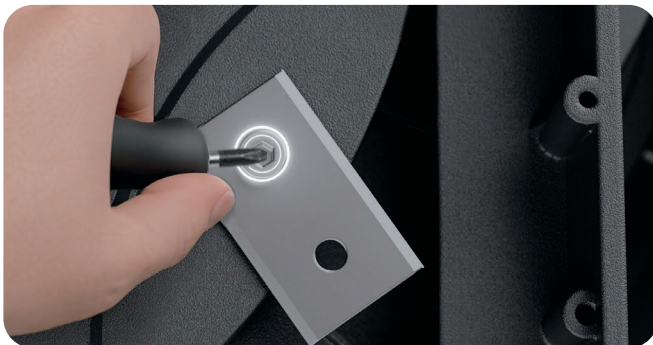

Automatic Rain Detection

When rain is detected, the robot halts mowing task to make its way back to the charging station—all without any user input.

IPX5 Waterproof Rating

Easily rinse off grass and dirt with your garden hose—it's built for it.

Fast Blade Swap

Twist to release and replace blades in seconds, keeping your workflow smooth and efficient.

Peaceful Anti-Theft

Built with real-time GPS tracking integrated with anti-theft capabilities to give you peace of mind, wherever you are.

Specifications			
			
Mowing Capacity			
Recommended mowing area	3000 m² (0.75 acre)		
Max climbing ability	33° (65%)		
Max mowing slope	25° (47%)		
Boundary type	Virtual wire		
Mowing pattern	Customizable in FJD Landscaping®		
Complete Unit			
Weight	13.5 kg (30 lb)		
Dimensions	633×443×302 mm / 24.9×17.4×11.8 in.		
Software update	OTA		
Connectivity	4G, Wireless Connectivity		
IP rating	Mower: IPX5		
	Charging station: IP65		
Cutting System			
Cutting height	20–60 mm / 0.8–2.4 in. (Standard)		
	10–50 mm / 0.4–2.0 in. (Standard with Adapter)		
Cutting width	260 mm / 10.2 in.		
Battery & Charging			
Battery capacity	190 Wh		
Battery performance	180 min		
Charging time	120 min		
Factory Configuration			
 Complete mower	 Charging station	 Adapter (Charging station)	
Accessories List			
 Cutting blades	 Plastic pegs	 Screws	 Wheel spikes
